ISoL 2023 AT A GLANCE

The International Symposium on Lighting 2023 was a specialized industry event focused on the latest advancements, technologies, and design innovations in automotive lighting. This symposium gathers professionals from across the automotive sector, including engineers, designers, researchers, and manufacturers, to discuss the role of lighting in safety, design, energy efficiency, and user experience.

Key Themes Covered:

- **Advanced Lighting Technologies:** Innovations such as LED, laser, OLED, and matrix lighting systems.
- **Smart & Adaptive Lighting:** Integration of AI, sensors, and adaptive beam systems for enhanced visibility and safety.
- **Regulations and Standards:** Discussion of global lighting regulations and compliance requirements.
- **Design & Aesthetics:** Trends in automotive lighting design and brand identity through lighting.
- **Sustainability:** Eco-friendly materials and energy-efficient lighting systems.

Typical Features of the Symposium:

- Technical presentations and keynotes from industry leaders.
- Product showcases and live demonstrations.
- Panel discussions and Q&A sessions.
- Networking opportunities with OEMs, Tier 1 suppliers, and R&D experts.

The symposium served as a platform to shape the future of vehicle lighting, driving collaboration across sectors to improve performance, safety, and sustainability.

ISOL 2025 : Track Event (ADAS in Lighting)

Advanced Driver Assistance Systems (ADAS) are technologies designed to enhance vehicle safety and driving comfort. In the context of automotive lighting, ADAS plays a critical role by integrating intelligent lighting systems that respond dynamically to the driving environment, improving visibility and reducing accidents. ISOL 2025 Track event shall have the technology show case of Advanced Driver Assistance System and its incorporation into Automotive lighting on Day 1 of ISoL 2025 (13th November 2025). The best technology showcase will attract an ISoL Award.

- Movie playback on LED wall for 2 days event at Exhibition area.

TECHNICAL PRESENTATION

The symposium will offer a high quality invited lectures by renowned experts/ specialists from India & abroad. The symposium will cover the following topics:

TECHNICAL TOPICS

-  **Advanced Lighting Technologies**
-  **Smart & Adaptive Lighting Systems**
-  **Sustainability & Materials**
-  **Aesthetics & Human-Centric Design**
-  **Simulation, Testing & Compliance**
-  **Safety, Standards & Regulations**
-  **ADAS and Lighting**

Note : “Call for Papers” will be circulated.

ISOL AWARDS 2025

S. No.	CATEGORY	APPLICANT	AWARD DETAILS
1.	INNOVATION IN AUTOMOTIVE LIGHTING	INDIVIDUAL / TEAM	Trophy & GIFT
2.	EXCELLENCE IN AUTOMOTIVE LIGHTING	ORGANIZATION	Trophy & GIFT
3.	BEST OPTICAL DESIGN	INDIVIDUAL / TEAM	Trophy & GIFT
4.	BEST TECHNICAL PAPER	AUTHOR(S)	Trophy
5.	BEST PRESENTATION	AUTHOR(S)	Trophy
6.	BEST EXHIBITOR	ORGANIZATION	Trophy
7	BEST TECHNOLOGY SHOWCASE IN TRACK EVENT	ORGANIZATION	Trophy
